Please join us in supporting Asbell Elementary for the 2021/2022 school year!

In these strange and unprecedented times, there is so much uncertainty in our everyday lives. At times, it can feel like every decision seems so significant and so critical, like deciding whether or not to donate to causes or charities at this time. I am writing to ask you to consider joining the organization **Growing and Coping Together** in supporting Asbell Elementary with this year's school supplies and backpacks. **Growing and Coping Together** is a local nonprofit; this grass-roots organization works to provide support services to children who have an incarcerated parent.

Growing and Coping Together is working with other community partners to host a back-to-school event on August 1st. We will be providing backpacks of school supplies to local students. This family-friendly event will help some of the most vulnerable and low-income students in our community. 80% of Asbell Elementary students access free and reduced lunches. We are looking to provide backpacks and school supplies for 500 students at Asbell Elementary.

Can you to help us supply our event for Asbell Elementary School?
